

Accommodation during the Championship

The gateball courts are located within the grounds of the International Organisation, [CERN](#) which is the Centre for Research into Particle Physics. I suggest you take a minute or two to take a look at its Web page.

The CERN site sits on the border of Switzerland and France, with the gateball courts being located on the French site, so I have listed below a couple of hotels which may be of interest to you in both Switzerland and France.

Proposals based on location and price for a Sports Team's weekend event.

France:

Hotel Première Classe : Current rates for early July around 50 Euros (60 Chf) per night for room for 3 persons. Close to the event and public transport into Geneva. Keiichi has stayed here

Switzerland:

Ibis budget Geneve Palexpo Aeroport : Current rates of 70 - 100 Chf per night for room for 3 persons via Booking.com with conditions, see below. Next to the airport, easy for pick-up, short walk to both airport and shopping centre. All hotels provide free Public transport card for 3 days.

Room Type	Sleeps	Price for 3 nights	Your Choices	Select Rooms

Transportation

Whether your team will be arriving by plane, train or car you will be welcomed at your arrival point by members of the Swiss Gateball Association.

We will also organise transportation for your team between hotel and CERN.
